LORNA G. SCHOFIELD
UNITED STATES DISTRICT JUDGE

Re: United States v. Peter Tengerdy
22-Cr-224 (LGS)

Dear Judge Schofield:

I write to request that the Court grant a one-time modification to Mr. Tengerdy's supervised release conditions, in order to allow him to travel to Paris, France, from January 31 – February 7, 2025. Neither Probation nor the government object to this request.

In August 2015, Mr. Tengerdy was convicted in the Middle District of Florida of one count of violating 18 U.S.C. §§ 2252(a)(2), 2252(b)(1), and sentenced to 108 months' imprisonment followed by 25 years' supervised release. His term of supervised release commenced in April 2023, in the Southern District of New York.

For nearly two years, Mr. Tengerdy has diligently complied with the conditions of his supervision. He has secured employment, complied with his SORNA requirements, taken domestic trips without incident, and actively participated in sex offender treatment through Empire State Forensics. His Probation Officer has noted that Mr. Tengerdy has been "fully compliant with supervision."

Mr. Tengerdy recently married, and wishes to travel to Paris to celebrate his wedding and to visit his new wife's family. In conjunction with his treatment provider, Mr. Tengerdy has prepared a detailed "safety plan" outlining his itinerary, listing the steps that will be taken to assure that he does not interact with minors, and explaining how this trip will aid in his treatment and rehabilitation. That plan was submitted to both Probation and the government, and is attached to this motion for the Court's review.

Neither Probation nor the government object to this one-time international travel request. Given Mr. Tengerdy's perfect compliance with his supervision conditions for nearly two years and the detailed itinerary he has provided, it is requested that the Court issue an order permitting this one-time international travel.

Sincerely,

RE: Honeymoon in Paris

THE EVENT:

A trip to celebrate our wedding (belatedly) and connect with family

MY PARTICIPATION:

I will be travelling with my wife (and chaperone) Alice Bee to Paris, France. The tentative itinerary is as follows:

DL 264	Friday, January 31, 2025	
Depart:	JFK New York Kennedy	10:30 PM
Arrive:	CDG Paris De Gualle	12:00 PM February 1, 2025
DL 265	Friday, February 7, 2025	
Depart:	CDG Paris De Gualle	2:30 PM
Arrive:	JFK New York Kennedy	5:15 PM

We will be staying at an AirBnB for the duration (February 1 – 7) at [Le Nid du Marais](#). Exact address will be provided 30 days prior to arrival and this itinerary will be duly amended.

IN ATTENDANCE:

We will be spending most of the time with members of Alice's family (all 30+ with no children).

DYNAMIC RISK FACTORS:

Impulsivity and Resistance to rules and supervision

There is little risk for either of these as we will be on a tight schedule and in the company of family the entire time.

Attraction to adolescent females

No minors will be in our immediate presence; however it is likely that we will encounter adolescent females in passing while out and about. These encounters would be momentary, and we will not be in any locations specifically targeted at minors. Here too I'll be in the company of family, and it is very unlikely that I would be isolated at any time.

RISK MITIGATION:

I will likely be taking photos. No photos will be taken for the purpose of sexual arousal/stimulation, and all will be taken with the mobile phone (Samsung S22), which is under supervision. No unmonitored devices will be used.

All attempts will be made to avoid any situations where I might be isolated with any minors.

If/when there is a need to use a bathroom, I will use a stall with a locking door.

I will not sit or loiter next to any minors during any part of the trip. Our seat assignments are such that we will occupy an outer column where there are only two seats, but if I am seated across the aisle from a minor, I'll take the window seat.

We will remain in Paris for the duration of the trip with no plans to travel outside a 50 km radius. No other countries will be visited and no overnight stays outside of the AirBnB.

ESCAPE:

Should I be seated next to or in close proximity to any minors, we can move to another area where I can better distance myself.

GOOD LIVES VALUES:

Relationships: This is an opportunity to spend time with family and celebrate both our wedding and our 50th (Alice's) and 60th (mine) birthdays.

Personal choice and independence: Travel affords the chance to feel "normal." Foreign travel has been a part of my life since childhood and has always provided intellectual, cultural, and spiritual growth.

Happiness: Shared time with family is a source of happiness. And Paris is not too bad a place to do it.

I will email a post-trip summary documenting if these or any other risk factors needed to be addressed, which ones, and how I addressed them. Or, if there were no risk issues or need to use avoidance/escape I will report that everything went according to plan. Alice will do the same, separately. I appreciate your consideration and look forward to your response.

Cheers,

Peter Tengerdy
